

Folk 'n' Fiber Hook-a-Month Project

Deer with Urn Hooked Rug 20 x 29 inches

Original Rugs Circa: early 1900s Origin: Probably New England

I found two old rugs that I loved and wanted to use as this Hook-a-Month project, so I combined their elements into one new-old design. The border is from one rug and the central design of the deer and urn are from the other. This is the Fall 2009 hook-a-month (HAM) project. Similar to the quilters' block-of-the-month projects, this kit will come to you in monthly shipments from November 2009 to February 2010.

I am offering a limited number of these kits, so if you want to sign up, don't hesitate!

Project Options and Cost: Uncut Wool: \$325.00 Cut Wool: \$365.00

- If you pay for the complete kit at the time you sign up (you still receive project materials monthly) I'll deduct the shipping charges of \$6.00 per month (\$24.00 total); a \$3.00 handling charge per shipment still applies.
- Or, you may pay monthly for project materials, plus shipping & handling charges (\$9.00), before each shipping date.
- Due to the amount of coordination and paperwork needed for this offer, payments must be made by credit card or PayPal.

If you need more information, please email or call me. I hope to begin sending out the first shipments around November 10th. Kit availability is limited, so be sure to sign up and reserve your kit.
