

Folk 'n' Fiber Hook-a-Month Project

Primitive Sunburst & Fans 36 x 22 inches

Adaptation of an antique hooked rug

Hooked in a rich palette of red, deep burgundy, gold and brown with accents of blue and cream. Comes to you on primitive linen with 100% wool from The Wool Studio and Lacey Jane Prims. This rug will be the show-off in your collection – displayed on the floor or on the wall, it will be a stunner!

OPTIONS:

- ❖ You can pay for the complete kit at one time (you still receive project materials monthly) and shipping is free for five shipments.
- ❖ You can pay monthly; you pay for first shipment of pattern on linen and first wool bundle at time you order, and pay installments before each shipping date. I invoice you for shipments from April through July. Shipping is included in the pricing. Payments are due at the time of invoicing.
- ❖ Due to the amount of design time, wool prep, coordination, and paperwork needed for this project, payments must be made using PayPal. No returns or refunds. If there are any problems, I will work hard to resolve them for you.

Kit availability is very limited, so order now to reserve your kit. When they are gone – they are gone!
